# **INTRODUCTION**

This guide provides information about the evaluation process used in the underwriting and issuing of Medicare supplement insurance policies. Our goal is to process each application as quickly and efficiently as possible while assuring proper evaluation of each risk. To ensure we accomplish this goal, the producer or applicant will be contacted directly by underwriting if there are any problems with an application.

# POLICY ISSUE GUIDELINES

All applicants must be covered under Medicare Part A & B in Michigan and Texas; in all other states, only Part A is required. Policy issue is state specific. The applicant's state of residence controls the application, forms, premium and policy issue. If an applicant has more than one residence, the state where taxes are filed should be considered as the state of residence. Please refer to your introductory materials for required forms specific to your state.

## Open Enrollment

To be eligible for open enrollment, an applicant must be at least 64 ½ years of age (in most states) and be within six months of his/her enrollment in Medicare Part B.

Applicants covered under Medicare Part B prior to age 65 are eligible for a six-month open enrollment period upon reaching age 65.

## Additional Open Enrollment periods for Residents of the following state:

**California** – Annual Open Enrollment lasting 90 days, beginning 60 days before and ending 30 days after the individual's birthday, during which time a person may replace any Medicare supplement policy with a policy of equal or lesser benefits. Coverage will not be made effective prior to the individual's birthday. Please include documentation verifying the Plan information and paid to date of the current coverage. If replacing a pre-standardized Plan, a copy of the current policy or policy schedule is required.

**Connecticut** – Year-round open enrollment.

**Maine** – One month open enrollment period every year in June for Plan A.

Individuals who have had a Medicare supplement plan or another health plan that supplements benefits provided by Medicare within 90 days are eligible for a plan that provides equal or lesser benefits. Please include documentation verifying the Plan information or the benefits of the coverage being replaced. Also be sure to include documentation showing the current coverage is in force or was in force within the last 90 days.

Applicants replacing a current 1990 Standardized plan with a 2010 Modernized plan, may apply for a 2010 Modernized Medicare supplement plan of equal or lesser benefits and would **not** be subject to underwriting guidelines.

**Missouri** – Individuals that terminate a Medicare supplement policy within 30 days of the annual policy anniversary date may obtain the same plan on a guaranteed issue basis from any issuer that offers that plan. This would include Medicare supplement and select plans. Please include documentation verifying the Plan information, paid-to-date and the policy anniversary of the current coverage. For policies with an effective date of 6/1/2010 or after, individuals with existing plans E, H, I and J can convert to one of the following plans: A, B, C, F, K or L. Policyholders who have a United of Omaha or Affiliate Company Plan J can convert to another available plan offered by United of Omaha or affiliate company in your state of residence, at any time, without having to pass underwriting.

### **Selective Issue**

Applicants over the age of 65 and at least six months beyond enrollment in Medicare Part B will be selectively underwritten, except in Connecticut, which is a year-round open enrollment state. All health questions must be answered. The answers to the health questions on the application will determine the eligibility for coverage. If any health questions are answered “Yes,” including “Not Sure” in California, the applicant is not eligible for coverage. Applicants will be accepted or declined. Elimination endorsements will not be used.

In addition to the health questions, the applicant’s height and weight will be taken into consideration when determining eligibility for coverage. Applicants who fall outside the established guidelines for standard rating could receive a premium rate increase of 10%, 20% or be declined. In the states of Texas and Connecticut, premium rate-ups do not apply. Coverage will be declined for those applicants who are outside the established height and weight guidelines, except for applicants in Connecticut.

Health information, including answers to health questions on applications and claims information, is confidential and is protected by state and federal privacy laws. Accordingly, United of Omaha and its affiliated companies do not disclose health information to any non-affiliated insurance company. Affiliated companies include Mutual of Omaha Insurance Company and United World Life Insurance Company.

1. Between age 64 ½ and 65 – The first of the month the individual turns age 65
2. All Others – Application date or date of termination of other coverage, whichever is later

## **Replacements**

A “replacement” takes place when an applicant terminates an existing Medicare supplement/Select policy and replaces it with a new Medicare supplement/Select policy. United of Omaha requires a fully completed application when applying for a replacement policy (both internal and external replacements).

A policyowner wanting to apply for a nontobacco plan must complete a new application and qualify for coverage.

Policyowners wishing to change their Risk Class rating because of weight loss must maintain that weight loss for at least 12 months. A new application is required and will be underwritten.

If an applicant has had a Medicare supplement/Select policy issued by Mutual of Omaha or one of its affiliates within the last 60 days, any new applications will be considered to be a replacement application. If more than 60 days has elapsed since prior coverage was in force, then applications will follow normal underwriting rules.

All replacements involving a Medicare supplement, Medicare Select or Medicare Advantage plan must include a completed Replacement Notice. One copy is to be left with the applicant; one copy should accompany the application. The replacement cannot be applied for on the exact same coverage and exact same company.

The replacement Medicare supplement policy cannot be issued in addition to any other existing Medicare supplement, Select or Medicare Advantage plan.

## **Reinstatements**

When a Medicare supplement policy has lapsed and it is within 90 days of the last paid to date, coverage may be reinstated, based upon meeting the underwriting requirements. Renewal commission rates will continue based on the policy’s duration.

When a Medicare supplement policy has lapsed and it is more than 90 days beyond the last paid to date, the coverage cannot be reinstated. The client may, however, apply for new coverage. All underwriting requirements must be met before a new policy can be issued.

## **Medicare Select to Medicare Supplement Conversion Privilege**

Policyowners covered under a Medicare Select plan with United of Omaha may decide they no longer wish to participate in our hospital network. Coverage may be converted to one of our Medicare supplement plans not containing network restrictions. We will make available any Medicare supplement policy offered in their state that provides equal or lesser benefits. A new application must be completed; however, evidence of insurability will not be required if the Medicare Select policy has been in force for at least six months at the time of conversion.

## **Telephone Interviews**

Random telephone interviews with applicants will be conducted on underwritten cases. Please be sure to advise your clients that we may be calling to verify the information on their application.

In Wisconsin, telephone interviews will be conducted with applicants age 75 and over on underwritten cases.

## **Pharmaceutical Information**

United of Omaha has implemented a process to support the collection of pharmaceutical information for underwritten Medicare supplement applications. In order to obtain the pharmaceutical information as requested, please be sure to include a completed “Authorization to Disclose Personal Information (HIPAA)” form with all underwritten applications. This form can be found in the Application Packet. Prescription information noted on the application will be compared to the additional pharmaceutical information received. This additional information will not be solely used to decline coverage.

## **Policy Delivery Receipt**

Delivery receipts are required on all policies issued in Kentucky, Louisiana, Nebraska, South Dakota and West Virginia.

Two copies of the delivery receipt will be included in the policy package. One copy is to be left with the client. The second copy must be returned to United of Omaha in the postage paid envelope which is also included in the policy package.

**Plan J Guaranteed Issue Conversion:**

Anyone who is issued a standardized “1990” Plan J before June 1, 2010 can keep that plan with all of the existing benefits as long as they choose and continue to pay the premiums.

However, in CA, ME, NE and MO, where Plan J was available for new business until June 1, 2010 the following special guaranteed issue rules apply.

Policyholders who have a United of Omaha or Affiliate Company Plan J can convert to another available plan offered by United of Omaha or affiliate company in your state of residence, at any time, without having to pass underwriting.

Applicants who have a Plan J with another company, and want to convert to one of our available plans, would be subject to both the normal application process AND underwriting rules, unless they’re in a guaranteed issue situation.

**Plan J Guaranteed Issue Conversion Options**

California United World Plan J may convert to one of our available United of Omaha Plans A, F, G or M.

Maine and Nebraska Mutual Plan J may convert to one of our available United of Omaha Plans A, F, G or M.

## Completing the Premium on the Application

*Premiums are calculated based upon the applicants exact age at the time of application, not their age as of the requested coverage effective date.*

### Initial Premium

- The amount in line #4 will be the amount you enter on the Premium Collected box located on the application
- Circle the appropriate mode for the **initial** payment

### Renewal Premium

- Determine how the client wants to be billed going forward (**renewal**) and select the appropriate mode on the Renewal Mode section on the application
- Indicate, based on the mode selected, the renewal premium. **Monthly direct is not allowed.**

**NOTE:** If utilizing electronic funds as a method of payment, please complete the Authorization For Automatic Funds Withdraw form.

## Collection of Premium

At least one month's premium must be submitted with the application. If a mode other than monthly is selected, then the full modal premium must be submitted with the application.

- Money orders and cashiers checks are only acceptable if the applicant does not have a checking account.
- In California, only one month's premium can be submitted with the application.

**NOTE:** The Company does not accept post dated checks or payments from Third Parties except for approved List-Bill and other situations. Spouses and domestic partners are acceptable payors. We do not accept checks or payments from Foundations as premium for Medicare supplement/Select **for either** individuals or List-Bill situations.

## List-Bill Collection of Premium

Use List-Bill for United of Omaha Medicare supplement plans paid through an employer or a third-party list-bill administrator. In order to use the List-Bill program, you must establish and maintain a List-Bill account for three or more individuals. Program participants must be retirees (and/or their spouses) of the employer indicated on the enrollment form. The employer's active employees are not eligible. You will need to follow the steps in the List-Bill Administration Guide (M27005) and submit a completed List-Bill Enrollment Form (M27024). Both documents can be found on Sales Professional Access under the **Product Name** "Premium Payment-List Bill". For more information, contact a customer service representative at 1-800-877-1050 or find the List-Bill training powerpoint presentation located on Sales Professional Access on the product page for List-Bill.

## Business Checks

If premium is paid by a business account, complete the information located on the Producer Information form. Business checks are acceptable if they are submitted for the business owner, the owner's spouse, or retirees of the business.

## Conditional Receipt

The Conditional Receipt must be completed and provided to applicant if premium is collected.

**NOTE: Do not** mail a copy of the receipt with the application.

## Shortages

The company will communicate with the producer by telephone, e-mail or FAX in the event of a premium shortage. The application will be held in pending until the balance of the premium is received. Producers may communicate with Underwriting by calling 1-800-995-9324 or by FAX at 1-402-351-2552.

## Refunds

The company will make all refunds to the applicant in the event of rejection, incomplete submission, overpayment, cancellations, etc. Refunds on List-Bill groups are made to the List-Bill administrator/payor.

## Our General Administrative Rule – 12 Month Rate

Our current administrative practice is not to adjust rates for 12 months from the effective date of coverage.

# APPLICATION

Properly completed applications should be finalized within 5-7 days of receipt at United of Omaha. The ideal turnaround time provided to the producer is 11-14 days, including mail time.

## Application Sections

The Medicare supplement application consists of seven sections that must be completed. Please be sure to review your applications for the following information before submitting.

### Group Number field

- If filling out application booklets for list-bill situations, please be sure to include the assigned group number in the field provided at the top right hand portion of the application. This number is assigned by United of Omaha when a List-Bill Enrollment Form is processed. Applications should not be submitted without the group number
- This information is not needed for standard Medicare supplement application packets.

### Plan Information Section

- Entire Section must be completed
- This section should indicate the plan or policy form selected, effective date, premium paid, and the premium payment mode selected — **both initial and renewal**

### Section 1 — Applicant Information

- Please complete the client's residence address in full. If premium notices are to be mailed to an address other than the applicant's residence address, please complete the mailing address in full
- Age and Date of Birth are the **exact age** as of the **application date**
- Medicare Card number, also referred to as the Health Insurance Claim (HIC) number, is vital for electronic claims payment
- Height/Weight —This is required on underwritten cases.

### Section 2 — Miscellaneous Questions

- Verify the applicant answered "Yes" to receiving the Guide to Health Insurance and Outline of Coverage. It is required to leave these two documents with the client at the time the application is completed
- Answer the tobacco question. (Refer to the Calculating Premium section on page 10 for a list of states where Tobacco rates do not apply during open enrollment or guaranteed issue situations)
- Please indicate if the applicant is covered under Parts A and B of Medicare.

### Section 3 — Insurance Policies /Certificates

- If the applicant is applying during a guaranteed issue period, be sure to include proof of eligibility
- If the applicant is replacing another Medicare supplement policy, complete question #2 and include the replacement notice
- If the applicant is leaving a Medicare Advantage plan, complete question #3 and include the replacement notice
- If the applicant has had any other health insurance coverage in the past 63 days, including coverage through a union, employer plan, or other non-Medicare supplement coverage, complete question #4
- Verify if the applicant is covered through his/her state Medicaid program. If Medicaid is paying for benefits beyond the applicant's Part B premium or the Medicare supplement premium for this policy,

then the applicant is not eligible for coverage.

#### **Section 4 — Health Questions**

- If the applicant is applying during an open enrollment or a guaranteed issue period, do not answer the health questions or prescription information
- If applicant is not considered to be in open enrollment or a guaranteed issue situation, all health questions must be answered, including the question regarding prescription medications

**NOTE:** In order to be considered eligible for coverage, all health questions must be answered “No.”

For questions on how to answer a particular health question, see the **Health Questions** section of this Guide for clarification.

#### **Section 6 — Household Discount**

Answer both questions 6(a) and 6(b) (all states except Connecticut and Missouri)

- If either 6(a) or 6(b) are answered “Yes,” the individual qualifies for this discount
- This information is necessary for premium calculation.

#### **Discount Information for Missouri**

There is only one question and if answered “Yes” the individual qualifies for this discount.

#### **Section 7 — Signatures**

- Signatures and dates: required by both applicant(s) and producer. The producer must be appointed in the state where the application is signed

**NOTE:** Applicant’s signature must match name of applicant on the application. In rare cases where applicant cannot sign his/her name, a mark (“X”) is acceptable. For their own protection, producers are advised against acting as sole witness.

- If someone other than the applicant is signing the application (i.e., Power of Attorney), please include copies of the papers appointing that person as the legal representative.

# HEALTH QUESTIONS

Unless an application is completed during open enrollment or a guaranteed issue period, all health questions, including the question regarding prescription medications, must be answered. Our general underwriting philosophy is to deny Medicare supplement coverage if any of the health questions are answered “Yes,” including “Not Sure” in California. For a list of uninsurable conditions and the related medications associated with these conditions, please refer to the next pages in this guide.

There may, however, be situations where an applicant has been receiving medical treatment or taking prescription medication for a long-standing and controlled health condition. Those conditions are listed in health questions 8, 9 and 10.

A condition is considered to be controlled if there have been no changes in treatment or medications for at least two years. If this situation exists and you would like consideration to be given to the application, answer the appropriate question “Yes,” and attach an explanation stating how long the condition has existed and how it is being controlled. Be sure to include the names and dosages of all prescription medications.

If you have had questions about the interpretation of health questions 6 and 7 on the application, please see the information below.

People with diabetes mellitus that require, or has ever required, more than 50 units of insulin daily, or people with diabetes (insulin dependent or treated with oral medications) who also have one or more of the complicating conditions listed in question #6 on the application, are not eligible for coverage. For purposes of this question, hypertension (high blood pressure) is considered a heart condition. Some additional questions to ask your client to determine if he/she does have a complication include:

1. Does he/she have eye/vision problems?
2. Does he/she have numbness or tingling in the toes or feet?
3. Does he/she have problems with circulation? Pain in the legs?

Consideration for coverage may be given to those persons with well-controlled cases of hypertension and diabetes. A case is considered to be well controlled if the person is taking less than 50 units of insulin daily or no more than two oral medications for diabetes and no more than two medications for hypertension. A combination of less than 50 units of insulin a day and one oral medication would be the same as two oral medications if the diabetes were well controlled. In general, to verify stability, there should be no changes in the dosages or medications for at least two years. Individual consideration will be given where deemed appropriate. We consider hypertension to be stable if recent average blood pressure readings are 150/85 or lower.

**Uninsurable Health Conditions**

Applications should not be submitted if applicant has the following conditions:

<p>AIDS</p> <p>Alzheimer’s Disease</p> <p>ARC</p> <p>Cirrhosis</p> <p>Chronic Obstructive Pulmonary Disease (COPD)</p> <p>Other chronic pulmonary disorders to include:</p> <p>    Chronic bronchitis</p> <p>    Chronic obstructive lung disease (COLD)</p> <p>    Chronic asthma</p> <p>    Chronic interstitial lung disease</p> <p>    Chronic pulmonary fibrosis</p> <p>    Cystic fibrosis</p> <p>    Sarcoidosis</p> <p>    Bronchiectasis</p> <p>    Scleroderma</p> <p>Diabetes - Insulin &gt;50 units/day</p>	<p>Diabetes (WI only)</p> <p>Emphysema</p> <p>End-Stage Renal Disease (ESRD)*</p> <p>Kidney disease requiring dialysis</p> <p>Lateral Sclerosis (ALS)</p> <p>Lupus - Systemic</p> <p>Multiple Sclerosis</p> <p>Myasthenia Gravis</p> <p>Organ transplant</p> <p>Osteoporosis with fracture</p> <p>Parkinson’s Disease</p> <p>Senile Dementia</p> <p>Other cognitive disorders to include:</p> <p>    Mild cognitive impairment (MCI)</p> <p>    Delirium</p> <p>    Organic brain disorder</p> <p>Spinal Stenosis</p>
---	---

In addition to the above conditions, the following will also lead to a decline:

- Implantable cardiac defibrillator
- Use of supplemental oxygen
- Use of a nebulizer
- Asthma requiring continuous use of three or more medications including inhalers
- Taking any medication that must be administered in a physician’s office
- Advised to have surgery, medical tests, treatment or therapy
- If applicant’s height/weight is in the decline column on the chart

# MAILING APPLICATIONS TO PROSPECTS

Mailing a completed application adds a few steps to the normal sales process. Below is a brief description of the necessary steps. The form (M24769\_0208) available for download on SPA in Forms and Materials provides a complete description of the process.

When calling a prospect who responds to a lead, always attempt to schedule a face to face interview. However, if the prospect prefers, you may continue the sales process on the phone. You need to begin by explaining to the prospect the following steps you will take to complete the sale.

You will:

- ✓ Ask the prospect the questions on the application and required forms; mail the completed application and required forms to the prospect for their review and signature;
- ✓ Tell the prospect that they need to carefully review the application and forms for completeness and accuracy and then sign;
- ✓ Have the prospect return the signed application, forms and premium payment to you in a postage paid envelope;
- ✓ Upon return of the application and other forms, verify that all the required forms are completed and signed;
- ✓ Submit the application through the usual channel; and
- ✓ When issued, deliver the policy according to current policy delivery guidelines.

## **Always remember:**

- You must be licensed to sell in the state where the prospect is at the time of solicitation
- The applicant's state of residence controls the application, forms and premium
- The client must return the signed applications, forms and premium payment to you and should not submit them directly to Mutual
- Incomplete application submissions will be returned to you, so review thoroughly
- If you solicited the business, you must be the one to sign the corresponding application
- You cannot sign blank applications
- It is not acceptable to mail blank applications, brochures and outlines as prospecting materials

If you have questions, please call Sales Support at (800) 693-6083 for Brokerage and (877) 617-5589 for Agency.
